

同学们好！

The 20-21 school year has been very challenging. However, all of you have tried your best to face the challenges and adapt to the new learning environment. We are very proud of you! We are so glad that we have helped you with your Mandarin study. As you know learning a new language needs constant practice. While you are resting and recharging, we hope you'll continuously practice what you've learned. Here are your summer assignments:

1. There are 35 short books. Some of them are very simple and easy and some a little bit challenging. You need to choose 3 sentences each from Book 23 to Book 35.
2. Hand copy these 3 sentences in Chinese characters from each of those books with pinyin .
3. Translate these sentences into English.

You will turn them in on the first day when we all get back to school.

We are looking forward to seeing you in the fall when you become sophomores.
Have a healthy and safe summer!
