

SOPHOMORE YEAR SCHEDULING INSTRUCTIONS

FOR THE

2020-2021 ACADEMIC YEAR

(Future Sophomores)

GENERAL INSTRUCTIONS

ENTER REQUESTS IN POWERSCHOOL: <https://siprep.powerschool.com/public/> Click on **Class Registration** in the Navigation bar along the left.

DEADLINE TO FINISH ONLINE REQUEST ENTRY: FRIDAY, FEBRUARY 21.

NO COURSE MAY BE USED MORE THAN ONCE FOR ANY PURPOSE--INCLUDING AS AN ALTERNATE.

IMPORTANT NOTE: You must include requests for your **RESOURCE** period. Be sure to request both **FALL** and **SPRING** semesters for 11th and 12th grades; use **WELLNESS** for 10th grade.

You must be in class or a supervised study hall six periods of each school day. (The Resource Period is the seventh period.) Check the Course Catalog for course prerequisites. Make sure you are eligible for the courses you select. If you have any questions, please see your counselor. Department Chairs reserve the right to approve requests for honors or advanced placement courses. While it is important to take a rigorous course load, taking too many AP/Honors courses can be detrimental. Be sure to think carefully about your AP/Honors course load and discuss it with your parents and counselor. This is especially true if you plan to take more than two AP/Honors courses.

Please Note: Every effort will be made to accommodate your course requests, but there is no guarantee that you will receive all of the classes you request. In particular, all courses are subject to class size limits. Students will be scheduled for courses in order of graduation year (Seniors first, Juniors second, etc.). In some cases, it may be necessary to assign you to a course you did not request in order to complete your schedule and meet academic requirements. **To maximize your chances of being assigned your requested courses, it is essential that enter your schedule requests properly – including the required number of alternates. No course may be used more than once for any purpose -- including as an alternate.**

SUMMER SCHOOL

If you plan to take a summer school course, you must register for the course on the Summer School Website at www.siprep.org/summer and pay the fees. Do not delay, as summer school courses often become full rapidly. **The Summer School registration site will open at 10 AM on February 3.**

Students normally take a study period in the academic year after they have taken an SI summer school course. If your intention in taking a summer school course is to enroll in an additional course during the following academic year, please note that seats may not be available to accommodate your request for the additional course. We will make every effort to place you in the additional course, but there is no guarantee, so, **you should take a summer course only if you are willing to take a study period instead.**

9901 Summer Biology **9902** Summer Chemistry **9927** Summer Geometry **9928** Summer Geometry Acc

STUDY HALL

If a student takes a summer school equivalency course at S.I. in the summer of 2020, he/she may take one study hall period for each semester of equivalency. This is in addition to the Resource Period given to all students. The study hall will be supervised. Only one study hall per semester is allowed. Students eligible for only one semester of study hall will be assigned to the semester which best fits the schedule. The student will be assigned to study hall at the period which best fits the student's schedule. No choice of semester or periods will be offered. If you are eligible for study hall, enter course requests online for the following:

9601 ONE Semester of Study Hall

9601 AND 9602 TWO Semesters of Study Hall

SOPHOMORE SCHEDULING OPTIONS

ENGLISH - Year Courses

1200 English 200

1203 English 203 H

9430 SITV (*8th Period--Enroll through teacher, not online.*)

* – ALTERNATE REQUIRED

SEMESTER ELECTIVE COURSES

YOU MUST INDICATE TWO (2) SEMESTER ALTERNATES FOR EACH SEMESTER COURSE REQUESTED.

Sophomores are required to take one semester of either Physical Education or Fine Arts.

FINE ARTS

UC Requirement: If you have already taken a Fine Arts course, and there is only one course that can COMPLETE your UC requirement, an alternate is not required, so leave the Alternates BLANK for that course only. (Alternates ARE required if you are STARTING your Fine Arts as a Sophomore.)
