

Summer Assignment for Spanish 2H - ¡Bienvenidos a Español 2H!

Please complete this summer assignment by the first week of classes. The objective of this assignment is to give you the opportunity to practice your listening, reading, and comprehension skills and to learn some new vocabulary. The videos also review some of the most common structures that students have learned prior to beginning Spanish 2H. We recommend that you watch each video at least once without subtitles and then again with the subtitles in Spanish. You can watch each video as many times as you like. If necessary, you can also watch the videos with English subtitles, however, we encourage you to read the Spanish subtitles as well in order to learn the vocabulary more thoroughly. Each video is accompanied by a “Guía Didáctica” (Instructional guide/worksheets in .pdf format located below the video image). Make a folder on your iPad labeled Spanish 2H Summer and save each worksheet in the folder. Answer the questions on each worksheet in your own handwriting. You will upload this work to Canvas during the first few days of school. Please include your name at the top of each worksheet set.
